Objective

Third-year Information Technology / Computer Science student seeking an on-the-job training (OJT) or internship role in web and software development. Builds web and mobile applications with PHP, MySQL, JavaScript and Flutter, and holds five TESDA certificates in computer systems servicing.

Education

Bachelor of Science in Information Technology / Computer Science — *Currently 3rd year*
North Eastern College - Isabela, Philippines

- Relevant coursework: Web Development, Database Management, Networking

Technical Skills

- HTML, CSS and Bootstrap
- JavaScript and jQuery
- PHP and MySQL
- C++ and C#
- Dart and Flutter
- MVC architecture
- Git and GitHub
- Computer systems installation and configuration
- Network and server setup
- Computer systems and network maintenance
- Artificial intelligence and data science (learning)

Projects

mvc_hotel - Hotel Reservation and Management System — *PHP, MySQL, MVC*

- Built a hotel reservation and management framework using the MVC pattern for Web Development, Database Management and Networking finals.
- Implemented room bookings, guest check-in and check-out, staff accounts, and a billing module with receipt generation.

Food-app - Food Ordering Mobile App — *Flutter, Dart*

- Built a food ordering app with a browsable menu, cart and checkout flow, and order-status tracking.

MedicAppV2 and medic-app-v3 - Medical Mobile App — *Flutter, Dart*

- Built appointment booking, medicine reminders and a patient records view; version 3 added a cleaner interface, offline-friendly local storage and improved scheduling logic.

CIT Web Development Exercises — *CSS*

- Created responsive grid and flexbox layouts and themed landing page mockups while learning web fundamentals.

Certifications

- TESDA Online Program: Introduction to Computer Systems Servicing; Installing and Configuring Computer Systems; Maintaining Computer Systems and Networks; Setting Up Computer Networks; Setting Up Computer Servers - **October 2026**
- Cisco Networking Academy: Introduction to Modern AI; Introduction to Data Science - **September 2026**

Trainings and Seminars

- Isabela DigiWork eXp 2026: Digital Careers and Workforce Competitiveness Expositions, Province of Isabela - **August 2026**
- Digital Trust in the AI Era: Detecting Deepfakes and Strengthening Cybersecurity, DICT CALABARZON - **July 2026**
- National Disaster Resilience Month 2026 Webinar Series, DICT Region IV-A - **July 2026**
- i4Rizal Episode 1: Pro Ads and Precision Reach, Mastering AI Design and Targeting, DOST Rizal - **July 2026**
